EDUCATION

Sri Eshwar College of Engineering	BTech.(CSBS)	7.8 CGPA(till 5th semester)	2023 – 2027
VCV Shishu Vidyodaya	HSC	82.3%	2021 – 2023
VCV Shishu Vidyodaya	SSLC	PASS	2020 – 2021

INTERSHIPS

DATA ENGINEERING INTERN – [INEU DATA] 2025
Worked on data extraction, transformation, and loading (ETL) processes using **SQL** and **Apache Airflow**, gaining hands-on experience in managing and processing large datasets. Developed and optimized SQL queries for data analysis and reporting. Gained practical exposure to **Hadoop** ecosystem components, including **HDFS** for distributed data storage and **MapReduce** for data processing. Focused on maintaining data integrity and consistency across datasets.

PROJECTS

AI-DRIVEN NETWORK OPTIMIZATION PLATFORM [GITHUB](#) 2025
Built a Python tool using Mininet to simulate network performance and automate real-time collection of latency and bandwidth metrics. Applied logistic regression to analyze data and recommend optimal routing paths, demonstrating AI-driven network optimization. Structured modular scripts for scalability and documented the full workflow.

Tech Stack : Python, Mininet, Scikit-learn, Pandas, NumPy, Matplotlib.

DOCKER VULNERABILITY SCANNER [GITHUB](#) 2025
Developed an AI-integrated Docker image vulnerability scanning framework combining Trivy with automated remediation intelligence. To provide AI-driven fix suggestions, and HTML-based remediation reporting.

Tech Stack: Python, Trivy, Docker, PerplexityAI API, HTML/CSS.

ACADEMIC AUDIT & ACCREDITATION SUPPORT SYSTEM [GITHUB](#) 2025
Developed an Academic Audit & Accreditation Support System to digitize and streamline NAAC/NBA processes by centralizing document submission and review. The system uses role-based access for Admin, Faculty, and Auditor, enabling structured workflows for data submission, validation, and approval.

Tech Stack: Thymeleaf, Springboot, MySQL.

ACHIVEMENTS

HackNext 2025 - SNS College of Engineering and Technology - **Secured Third prize**

Fiestaa 2025 - KPR College of Engineering and Technology - **Secured Third prize**

Leetcode : [Profile](#) | **Rating : 1352** | **Solved :160**

Hackerrank : [Profile](#)

Secured B1 grade in Linguaskill Business

CERTIFICATIONS

Mastering Data Structures & Algorithms using C and C++ Udemy	2024
The Complete Python Programming Course Udemy	2024
Introduction to Data Science Cisco	2024
AWS Certified Cloud Practitioner AWS	2025

TECHNICAL SKILLS

Languages	: Java Python C++ C
Core Concepts	: DSA OOPS DBMS
Databases	: SQL (MySQL) NoSQL(MongoDB) DynamoDB
Technologies/Frameworks	: AWS (EC2, S3, DynamoDB), Spring Boot, JTest
